## KAVA activity – Internationalisation Proposal

### Title: Physical AccouNts Of RAW MAterial stock and flow Information Service (PANORAMA)

- **Goals:**

- Creating a raw materials intelligence system building upon earlier work, with JRC
- In principle an multiple material MFA consistent with SNA, capable of tracking value chains at detailed level
- Providing tools for authorities to identify supply risks, in relation forecasting

- **Expected synergies and complementarities:** Nol EMFIS, FP7 Minerals4EU, PROSUM, MICA, work of DG JRC IES and DG GROW, EIP Raw Materials

- **Outcomes:** database and forecasting and assessment system at EU, member state, sector and firm level. Salable risk management service

- **Partners already identified:** BRGM, FhG ISI, GEUS, Ghent, TNO, Tecnalia, Ghent

**Wanted additional partners:** Priority industries in EIT RM as users

RawMaterials
