

KAVA activity – Internationalisation Proposal

Title: Global Circularity Network

- **Goals:**

- The EU (EIT KIC RM), US (Remade program) and China all have major programs in the field of circularity (10-40 Mio each per year)
- The project wants to create synergies and interactions between these programs, and support joint research

- **Expected synergies and complementarities:** Nol EMFIS, IntCEB, H2020, etc. s

- **Outcomes:** Circularity toolbox across countries

- **Partners already identified:** Europe: EMFIS and SSCI partners; US: Yale, Rochester, many others; China: Tsinghua, Beijing University, many others

- **Wanted additional partners:** tba
